**High Toxicity Level**

**DOWNLOAD THE APP**

SCAN ME

**MUSTARD**

**Weekly Warning**

**Low Toxicity Level**

**Happening Inside**

Ingestion of mustard oils, seeds, and powders may affect the GI tract.

**Symptoms**

- Nausea & Vomiting
- Excessive Drooling
- Diarrhea

**If Consumed**

Contact your veterinarian if your dog displays any signs of symptoms

Mustard oils seeds and leaves contain glucosinolates which degrade to the toxic substance isothiocyanate. Isothiocyanate has causes toxicity following ingestion of large quantities

# LEARNING MODE AI - BRANDING

## Enhance Learning

### Don't Fall Behind

Start using AI to enhance your learning experience. But don't stop there. Use a bot that is specifically catered to your material to enhance your experience.

Reinforce Your Learning

Question 1 00:08

How do you define a variable in JavaScript?

A) let  
B) var  
C) const  
D) All of the above

Ask a question

What is a variable? In JavaScript, a variable is a container that allows you to label and use data in memory, which can then be referenced and updated throughout your program. Think of a variable like a box where you can put a piece of information.

Students struggle to retain information and stay engaged in recorded lectures

70 %

Of students found online learning less engaging.

60 %

Of teachers admitted students struggled to stay engaged online.

48 %

Retention in online learning is 48% lower.

Google Cloud

## Hackathon

Get ready to compete for a reward

### Step 1

Do some research on Cloud features you would want to incorporate in the project

### Step 2

Prepare a presentation to pitch a change you suggest based on your research

### Step 3

Present to the team during the learning session - best pitch will get a reward!

### What we need to make this happen

1. Know that this is something you guys will find interesting
2. Make sure we are on track with the project's main scope
